NO. 2

EDITORIAL

That wonderful Convention, which receives a full page advertisement somewhere in this issue, will mark Phi Mu's second appearance as a chapter in the National Fraternity of Alpha Chi Rho. And by that appearance will she be judged by the "Other Sixteen". Realize it—Brothers—Graduate and Resident—now is the time to bring undying fame (for one year at least) to your chapter. Attend the Convention and swell the quota. If x represents the assigned quota—then Phi Mu's attendance must be $2x$. You will remember in New York last year that although our quota was exceeded, we lacked two, and lost the attendance prize to Phi Gamma. That cannot happen again!

The Committee has well advertised the Bellevue-Stratford and we can add nothing to the numerous assorted posters supposedly received by each Brother. All we can do is to interpret and amplify in terms of Phi Mu.

In the first place, due to a lack of age—and to no other reason—we cannot guarantee wives to accompany husbands at this Convention. Give us time. Of course, several of the known wives will be present—and you never can tell what "Shock" might do. That's one reason for coming.

Thursday night you will probably have the opportunity of seeing or hearing "Fritch" perform at the piano and etc. Last year, "Pete" Reynolds almost broke up the show when he tried to assist "Fritch"—and got away with it. Perhaps "Jake" Jagels, "Bernie" or somebody else may do likewise this year. The opening Smoker always develops considerable latent collegiate talent and directs some of it along musical lines. Don't miss this.

As a third attraction, Phi Phi will present a play and dance on Friday evening. We will say nothing about this except to announce that if it approaches that put on by the Phi Omega men in New York you need not worry about your pleasure.

Saturday afternoon 3 P. M. is set for the tea and dance. This affair is primarily for the enjoyment of the fair Alphachireans who flourish in and about Philadelphia. This is your chance to show your intended

fiancee of "financier" to the Brothers. Let us warn you, though, that unless she is firmly attached, beware of such attractive Brothers as Wysocki, Schubert, Reynolds, etc. They may continue their conquests unnecessarily and wreck some young lives. Be discreet—and this will be a fourth reason.

Then Saturday night is the Grand Finale—the banquet. Take \$4.00 worth of good eats, and add a maximum amount of Alpha Chi Rho good fellowship and spirit. That makes a Convention banquet at which you need fear no request for cigarettes since usually individual portions are provided by the Committee. This is an excellent fifth reason.

However, between, around, and among all of these prescribed functions, you meet all of the boys you have not seen for a year or more. You talk over old times—pull some kid stuff—and imagine you are back in college. It will add ten years to your life and maybe grow some hair on your bald head. Don't miss this Convention and you will never miss another one!

7 of the 47 reasons you should attend Convention.

To meet your bunch once more.

To meet the new men of your chapter.

To meet your Brothers in the Fraternity at large.

To have a good time.

To get away and out of the groove you may or may not be in.

To renew your Fraternity interest.

To add several years to your life.

Are you a Life Subscriber to the Garnet and White? Nearly everybody in Phi Mu is. There are a few we are not certain about. If you are in doubt please clear it up at once. Brother Callaghan will relieve you in 48 hours.

THE ANVIL CHORUS

Eddie Fincke is now commuting to college from West Philadelphia. And it is said that he is saving his money, too! We wonder why?

Poor Chippy! How the brothers hate him! It must be awful to be a house chief.

At last we have acquired a Trotsky sympathizer. His name is Bertramovitch Swailsy Bottomloff!

"Oh, he's only a child!" one chorus girl in "Hitchy Koo" whispered to another when Charlie Israel "blinked" his eyes at her. Never mind, Charlie, you'll grow up some day!

The "city" must be lonely without "Mayor Jake". However, he'll soon be sneaking off on his week-end visits again.

Suppose we chip in and buy Pat Flanagan a real night cap—not de-grade him by letting him wear a "Frosh" cap!

The brothers wish that they could learn that little "to and fro" dance step of Fielder Israel's, which he practices so much in the House.

Altho Richard Schubert obtained the necessary hours last term, we are sorry to say that he flunked "Mealey's Lab." and "Strength of Bob's Material."

We hear that Johnny Timmons is going to be a life guard next summer. Can it be true?

Pat Flanagan threatens to buy a new hat—boy, page Omar, the tent-maker!

"Dinnie" Bush is living in Bethlehem now already. He don't live at Glenside any more, because Glenside is too far away from college so as it is, and that is why he has moved a little more up the river yet.

"Doc" Fretz wishes to announce that from now on "yaller puddin'" will be served every Monday evening for dessert; also every Tuesday, Saturday, Wednesday, Friday, Sunday and Thursday. Evidently, "Doc's" conception of the word "dessert" is rather limited.

Gentlemen! Behold Morris Simpson Armstrong, the guy who put "Morris" in the morris chair!

"Jim" Conroy's laugh reminds us of the old days "on the farm"!

B-b-buck S-s-snavely is st-st-still st-st-studying and will st-st-stay in c-c-c-college if he p-p-passes his C-c-c-cos-m-m-mo-p-p-politan and his Sa-sa-saturday E-e-evening P-p-post!

We have one man who qualifies for the "bald-headed row". Here's your seat, Newt!

Mary had a little Todd,
His skin was Freshman green;
Wherever Mary McKisky went,
Young Arnold could be seen!

Did you get the tip?
Observe his upper lip!
Sh! Not a sound!
Wysocki's growing "down"!

Chemistry gave poor Al Johnson
2 credits; Physics gave him only 3 more;
Two were gained from Construction,
His French gave him 10 in store.

By adding English and credit for Gym,
13 hours showed his knowledge,
Chemistry Lab. made only 15—
Too bad the boy is out of college!

OUR FRESHMEN

JAMES MAURICE CONROY, Burlington, N. J.

In the few months of his Freshman existence, "Jim" has become a social lion among the ladies. One of the reasons for this popularity is his extensive vocabulary, which is enough to puzzle old Noah Webster himself. The other reason is his charming laugh which strangely resembles a South American ant-eater calling to its mate. But nevertheless, "Jim" is primarily a serious student and expects to be able to tack an M. D. to his name in a few years.

Lehigh University, class of '23, Freshman Baseball team; Rifle Club. R. O. T. C.

EDWARD JEROME FINCKE, Glenside, Pa.

"Eddie" is our budding young athlete. He is "at home" in almost every sport but does his most strenuous work in parlor and Mexican athletics. His endeavors in this direction have gained for him that shady complexion which is so characteristic of men who work in the dark. However, one of these day, "Nigger" is going to break out into the fresh open air. Until then, watch out! And if you care to see him "rise", just call him "Fincky".

Lehigh University, class of '23, Mining Society, R. O. T. C.

JULIAN WASHINGTON GARDY, Doylestown, Pa.

"Wash" came up here from Doylestown High School with an enviable school record behind him and a brilliant future before him. He was formerly the "Editor-in-chief" of the "Doylestown Intelligencer" and has all the social gossip of that burg at his finger-tips. He can give all the latest developments in the recent "45" gossip, taking care to omit anything with which his elder brother might be connected. "Wash" is pursuing the civil engineering course.

Previous record of activities: Doylestown High School '19, Class President (2, 3, 4); Honor Student; Class Gift Presentation Speech; Literary Society; "Am Hig" in "Back From the Country Store"; Property Man in "A College Cinderella", "Morgan" in "Treasure Island"; Associate Editor of "The Torch" (3, 4); Graduation chorus (1, 2, 3); Manager of Baseball (4); Varsity Baseball team (2, 4); Manager of Basket Ball team (4); Varsity Basket Ball team (3, 4); Basket Ball Squad (2); Class Basket Ball team (4); President of Athletic Association (4); Treasurer of Athletic Association (3).

CHARLES HENRY ISRAEL, JR., Scranton, Pa.

Charles Henry is the third of his illustrious tribe to enter the portals of Phi Mu and from present indications, he bids fair to perpetuate the good name of the race. His coming has solved a great biblical problem. The lost tribe of Israel wasn't lost after all. It simply moved to Scranton and was lost in the coal dust. Our hero is the first to find his way out of that city and he has wisely come to Bethlehem to learn the ways of the world and Chemical Engineering.

Previous record of activities: Scranton Tech. High School, '19, President of Senior Literary Society; "Music Master" in "Le Bourgeois Gentilhomme"; Class Basket Ball team (4); Writer for "Tech Monthly" (4).

Attended West Philadelphia High School. Attended Harrisburg Tech. High School, Track Squad (2, 3); Camera Club; Gamma Alpha Society.

Lehigh University, Class of '23, Varsity Soccer Squad; Chemical Society; Rifle Club; "Davis" in "In the Zone" in the University Variety Show of the Mustard and Cheese, R. O. T. C.

ALFRED WILLIAM JOHNSON, West Hartford, Conn.

"Al" hails from "Hahtfahd" Connecticut, and brings with him that delightful (?) dialect of his native city. With him came a guitar, a mandolin and a banjo and he plays every one of them equally well. His versatility in this direction gained for him a berth on the Mandolin Club. His two other main fortes are "trick" vests and patent-leather hair. He is studying Electrical Engineering.

Previous record of activities: Hartford Public High School, '18, Mandolin Club (1, 2, 3); Glee Club (3, 4); Football Squad (3).

U. S. Navy, 1918-19.

Lehigh University, class of '23, Electrical Society, Mandolin Club. St. Paul's Society.

JAMES BOWMAN NEELY, Bethlehem, Pa.

"Red" has been playing in hard luck this term. He has been ill twice and hence has been unable to be with us as much as he would have liked. But we are confident that "Red's" health is improving and that he will redeem himself next term. His home town is Bethlehem, New York, Baltimore, Peekskill, N. Y., etc.

Previous record of activities: Mohegan Lake School '19; Q. B. Varsity Football (4); Baseball Squad (4); Basket Ball Squad (4); West Medal for Higher Math (3); English Composition Prize (3); Hockey Team (3, 4); Captain of Company A (4).

Lehigh University, Class of '23, Mining Society, R. O. T. C.

JAMES ARNOLD TODD, Doylestown, Pa.

"Hop" is one of those fortunate individuals who possesses unlimited attractions for the weaker sex. Girls passing him on the street, whisper to each other: "Who is that tall, dark, handsome fellow with the Navy walk?" They write him letters telling him of their affections and begging him for "dates". He satisfies their longings but only to the extent of a walk to the reservoir or an ice cream soda. Then like the handsome "brute" he is, he throws them over to study Algebra. Outside of this, he is a fine boy. He comes to Lehigh to study Metallurgy after about a year in the Navy.

Previous record of activities: Westtown Boarding School, '15; Member of Senior Literary Society; Soccer Squad (4); Track team (4); Class Track team (3, 4).

Great Lakes Training Station, 1918-19.

Lehigh University, class of '23, Track Squad.

GRADUATE ITEMS

Brother "Bill" Barthold spent Christmas with us. He is much pleased with the Harvard Law School and especially with the Alpha Chi's in Boston, who made him feel at home up there.

Brother Bernhard is now in business with his Father at Center Square, Pa. See elsewhere in these columns for his "other work."

Brother "Ike" Bush is rapidly becoming a "Steel Worker". He labors long and hard and comes home full of grime and dirt. He is with Brother Cook in the Bethlehem Plant of the Bethlehem Steel Corporation.

Brother Chesterman is now a valuable member of the firm of Chesterman and Leland. See you at the Convention, Chestie.

Brother "Bob" Cook, General Foreman of one of the Forge Plants of the Bethlehem Steel Company, is experimenting with a new type of forging. It promises to be highly successful.

Brother Fritchman has accepted a position with a Company which handles Mining Machinery, in the Sales Department. He is attending a Convention in Iowa and on his return expects to handle the South-eastern Pennsylvania District.

It is rumored Brother "Bennie" Hantz is making deep laid plans to attend Convention in "Column of two's".

Brother "Gil" Howard, our eminent Civil Engineer is not in touch with this office at present, but he will show up at Convention and tell us about it.

To some one down in New Jersey—Feb. 19-22 seems a long way off. This is always true when the meeting place is close to home. Brothers be informed. Brother Brad Hooper will be Phi Mu's official Welcoming Committee. He is there now.

Brother Phil Israel is building roads down in Maryland but we expect to see him back in College next fall.

We note with pride the increasing prosperity of our older men. So note with us—Brother "Bill" Kantner has bought a home overlooking the Wissahickon—so we are told.

We would give much to know the whereabouts of Brothers Kostenbauder and get them back to college.

Brother "Fish" Laing is with the Rand-McNally Company in Norfolk, Va.

Brother "Muggsy" Magee is now a Yank. He admits it. As Sales Engineer for the Aluminum Co. of America, with Headquarters at New Haven, Conn., he is a busy man and seeing a lot of New England. Between breaths, however, we learned he is very much pleased with

the people up there.

Brother "Tow" Phipps is plugging away at the Continental Mills Co. He expects to start on a western trip March 1st.

Brother "Slim" Rau is doing nicely at Asheville, N. C. and is thinking of taking a trip to New Mexico.

Brother "Pete" Reynolds is learning the Chemical Industry near Newark, N. J.

Brother "Jake" Reitzel is back with Crocker-Wheeler Co. at Ampere, N. J. He is in charge of the Shops Mechanical Specifications Dept. He has a stenographer, (nice one) errand boy, two draftsmen, a clerk and five assistants. Some job, Jake. Knock off in time for Convention, though.

Brother Schultz is "finding out a few things" about Norristown. He does not mind the "whistle" or "punching the clock" but it is said works "far into the night".

Brother Shaeffer is with the Lehigh Valley Light and Power Co., doing sub station work.

We will of course see Brother "Hank" Shockley at Convention. Even Newark and all the vicinity could not cause "Hank" to leave Philadelphia that week-end. Perhaps Newark et al will be in Philadelphia. Remember Mohammed and the Mountain, Henry.

Brother "Skip" Vreeland has been saving postage so he will get to Philadelphia. Remember the date, Skipper, Feb. 19-22.

It is with regret that Brother "Big George" Weber will not be with us. Texas is a little too far away this year. But with "more oil", the trip will probably be made next year, we will be thinking of you, George.

The New York Shipbuilding Co. is now proud to claim two of us. Brother Wescoat is helping Brother Shockley make that claim substantial.

Brother "Walt" Woolley has taken the State Board Examinations in Pharmacy and is awaiting the verdict. Methinks this will be Walter's recreation. He is too good a Metallurgist to do otherwise.

Brother Fred de Wysocki, is working for the International Paper Co., New York City, and is doing nicely.

There will be a meeting of the Graduate Chapter at Convention—probably Saturday Evening either before or after the Banquet. Stick around!

CAMPUS CONQUESTS

It is difficult to decide who should be flattered first in this brief account of Alpha Chi Rho's campus activities. We immediately think of the three Brothers, Charles Israel, Julian Gardy and Charles Jagels who are preparing their leading parts in the Variety Show to be held on the 21st of February. It is a "get the hook" performance to select the star performers for the Mustard and Cheese dramatic presentation to be staged during Junior Week.

Fielder Israel is working hard to be elected assistant manager of Basket Ball. Brother Jagels is also after an assistant managership. Every evening Jake is to be found at the swimming pool, lending a helping hand to the Lehigh tankers. Funny, Jake can not swim a stroke.

"Clem" Fretz and "Chippie" Drew are our mat representatives. Every day, after 4 o'clock they are to be found, rolling around on the upper floor of the gym. Chippie is trying out for the 115 lb. class, in which Brother Reynolds wrestled last year. "Chippie" has also lately been initiated into Kappa Beta Phi. He has had the taste.

Alpha Chi Rho is well represented on the publication boards at Lehigh University. Brother Al Barthold is Assistant Editor of the Epitome, Brother Al Gardy is Business Manager of the Lehigh Brown and White and Timmy is Assistant Business Manager of the Lehigh Burr to which Leslie Drew contributes a few of the snappy stories. Brothers Fielder Israel, "Wash" Gardy and Jagels are journalists of note, writing editorials (?) for the Lehigh Brown and White.

Brother Todd, one of our active Freshmen, is speeding around the cinder track working hard to go along on some of the trips with Brother Al Barthold who is the Assistant Manager of Track.

This account would not be complete without saying something about our Senior Brothers, Gardy, Wysocki and Timmons: Vic Wysocki is giving all his time to his books so as to make up for the time he lost during football season; Timmy has been busy getting exempt from all his finals; and Al Gardy equally as busy making up the 1920 Baseball Schedule; incidently Brothers Gardy and Wysocki were appointed on the Class Day Committee.

[Editor's Note.]

We are sorry not to be able to announce Brother Snively's active candidacy for the Lacrosse team. Perhaps that dream will come true in time to fill space for the issue of Musings' dated Vol. X. May, 1925—No. 3.

ONCE UPON A TIME—

The morning of November first dawned with a murky-looking sky and a wet Mother Earth and we, of Phi Mu feared. For it was the day set for our fall House Party and rain was an evil foreboding.

But when the "parties of the second part" arrived in the early afternoon, the Brothers forgot the rain and not even the fact that he "partyites" had to sit for three hours in a drizzling shower to see Pittsburgh step on our toes with a 14-0 score was enough to dampen our spirits. After all it isn't such a hardship to share an umbrella with some young lady of your acquaintance toward whom you feel no aversion whatsoever. In fact, it rather helps to imbibe the proper H. P. atmosphere.

In the evening, the "gang" paddled up to Drown Hall, for a University Dance was calling them. It had all the earmarks of a successful affair. The weather cleared up for Sunday and the Brothers were able to take one of those memorable walks with their charges before boarding them on the 5:15. All in all, the House Party might be designated as being very "trick".

The following Graduate Brothers indulged: Hank Shockley, Pete Reynolds, Frank Chesterman, Tow Phipps, Benny Hantz, Jake Reitzel, Bernie Bernhard, and Walt Wooley.

Are you a Life Subscriber to the Garnet and White? Phi Mu is on the verge of 100 per cent. Don't you be the cause of a lower percentage.

One of the Big unannounced features of Convention will be Walt Wooley's new eight Lung fliver. 4 for Henry—4 for Walt. Don't miss this.

Send news for Musings' and the Garnet and White to Brother Cook.

For Musings'—January 15th, May 1st, Aug. 15th., for Garnet and White:—December 10th, February 10th, August 10th, and October 10th. We expect to send you reminders of these dates, but if you fail to receive them—don't let that worry you. If you do—don't worry either—just write.
